We continue to work to fill the vacant positions within the organization. Over the past year, we have used a method of hiring temporary employees to help fill the voids. This has been somewhat effective although there are limitations with the time period that we are able to retain temporary employees. The short time period can impact the amount of time that is needed to adequately train those employees. It has been effective with clerical related work. We are exploring hiring some retired employees on a temporary basis.

If you have any questions about the above information, please let me know. You may reach me at 304-558-6715, or via e-mail at Walter.M.Ivey@wv.gov.

Very truly yours,

Walter M. Ivey, P.E., Director
Environmental Engineering Division
